Please note that Section 40 of the Freedom of Information Act 2000 has been applied in disclosing information relating to Discharge Destination. The UHB has provided an aggregated table rather than disclosing patient-level data. This is because, when considering the potential for combination with other information, disclosure of patient-level data would risk individuals being identifiable. Therefore, the data is classed as personal data as defined under the General Data Protection Regulation (GDPR) and Data Protection Act 2018 and its disclosure would be contrary to the data protection principles and constitute unfair and unlawful processing in regard to Articles 5, 6, and 9 of GDPR. We are therefore withholding this detail under Section 40(2) of the Freedom of Information Act 2000. This exemption is absolute and therefore there is no requirement to apply the public interest test.
