Covid-19 Deaths

Request details

How many people have died in your hospitals of Covid19 alone?

As in they died due to Covid19.

I can see the figures published online but these are deaths within 28 days of a positive Covid test, so they could have died from other causes.

I just want to know the exact figure please from the 1st of February 2020 until the 1st of February 2021 of people that have died directly from Covid19 and not any underlying condition.

Response details

Please see below:

Death Type	Deaths
Covid Deaths	24

- Covid-19 is coded in Cause of Death 1A on the death certificate and the other Cause of Death fields are empty.
- Information on deaths is from the NWIS Data Warehouse view of ONS deaths refreshed in Cardiff and Vale Data warehouse on 15th February 2021.
- Please note that there can be a time lag between a death and the reporting of it in the ONS data. (The latest death in the dataset used was 1st Feb 2021)
