If you have a special dietary requirement please make this known to your ward based caterer and nursing staff. An A La Carte menu is available to provide additional vegetarian and vegan choices, as well as Halal and Kosher suitable meals. 14- Allergen free meals are also available.

There are separate texture modified menus for patients with swallowing problems/difficulties.

All menu items are suitable for patients with Diabetes, unless otherwise specified by your Dietitian. Smaller dessert portions are advised.

Eating healthier can be achieved by following these simple rules:

Choose wholemeal breads, cereals, rice and pasta based dishes, eat plenty of vegetable, salads and fruits, eat more fish, beans and pulses, try some of the non-cheese based vegetarian and vegan dishes available, choose lower fat spreads and milk, don't add additional salt to your meals, aim to drink 6-8 glasses of lower calorie fluids each day. For more information visit change4lifewales.org.uk

A variety of drinks, biscuits, snacks and sandwiches are available for mid-morning, mid-afternoon and evening snacks. Fresh fruit and fruit pots are available.

Funding of highly coloured crockery for use throughout the Health Board has been provided by the Cardiff and Vale Health Charity. This has enabled an improved eating experience for all patients and positively supports the Health Board's commitment to improving the nutrition and hydration of its patients.
