How do the aims of the procedure fit in with corporate priorities? i.e. Corporate Plan

The UHB is committed to ensuring patient safety and recognises that the peri-operative period poses a high risk to the patient. It is the intention of this policy to identify good clinical practice within the peri-operative environment and to ensure the health and safety of patients throughout their journey within this environment. To reduce the incident of a “never event” and promote engagement in the World Health Organisation (WHO) checklist process.

This Procedure is linked with the following documents:

- Health and Safety Policy
- Waste Management Policy
- Risk Assessment and Risk Management Procedure
- Risk Management Policy
- Incident Reporting and Investigation Procedure
- Swab, Instrument and Sharps Count Policy and Procedure
