4. ANNUAL LEAVE CRITERIA

- 4.1** Leave entitlement for locums should be calculated on completed number of weeks worked. Such leave should normally be taken within the period of the contract and locums should be allowed the public holidays or days in lieu in the same way as practitioners in regular appointments.
- 4.2** Doctors and Dentists who are on call/working during any part of a bank holiday are entitled to time off in lieu in accordance with paragraph 214 of the hospital medical and dental terms of service.
- 4.3** Annual Leave for Part Time staff is calculated on the same basis as whole time staff, but in those cases where staff are employed on a sessional basis, their leave entitlements may be calculated also on a sessional basis (e.g. 6 weeks entitlement p.a. at 3 sessions per week – is the equivalent of 18 sessions p.a.).
- 4.4** Carrying Over of Annual Leave - There is an expectation that employees should take all their annual leave entitlement in the relevant leave year. Clinical Directors have the responsibility to authorise leave in accordance with service needs and the needs of the individual. Members of staff have a responsibility to plan and schedule their annual leave throughout the leave year. There is no entitlement to holidays or holiday pay being carried forward to the next holiday year. Members of staff may apply in writing to carry over annual leave up to a maximum of 5 days (pro-rata for part time staff). However, staff should be aware that it is not usual practice for the UHB to approve such requests and they would have to be agreed at Clinical Board level.

There may be exceptional circumstances in which an employee is unable to use all their annual leave within the leave year because of service demands.

In such circumstances the Clinical Director may authorise the carryover of up to 5 days into the following leave year (pro rata for part time staff).

5. ANNUAL LEAVE YEAR

- 5.1** The leave year for Consultants, Associate Specialists, Specialty Doctors & Dentists and Clinical Assistants shall run from their incremental date for salary purposes, or its anniversary where practitioners are on the maximum of the scale, or the anniversary of the date of the appointment or, where there is no incremental progression, by mutual agreement.

Practitioners whose leave runs from 1st June to 31st May (or 1st October in the case of Academic Staff), may retain that leave year.

- 5.2** It is possible to change the date of a leave year in individual cases by mutual agreement so long as such arrangements are not detrimental to the employee or the employer.
- 5.3** The leave year for SDOs and Hospital and Community DOs shall run from 1st June to 31st May.

6. PROCEDURE FOR GRANTING LEAVE

- 6.1** To note on-line systems for booking leave are being utilised in some of the Directorates.

The granting of leave shall be subject to approved arrangements having been made for duties to be covered. In this context, senior medical and dental staff are normally expected to co-ordinate leave to effect these arrangements. Formal arrangements must be made for a nominated consultant to be available to offer advice and to visit patients as appropriate. Junior staff must be made aware of the cover arrangements to avoid any confusion. It is not generally the policy of the UHB to employ locums for consultant and other senior career grade absences on annual leave, but there are

exceptions such as single-handed working, maternity leave and long term sickness.

- 6.2** All career grade medical and dental staff covered by this policy will be required to complete an Annual Leave Form, (attached at Appendix 1), unless their Directorate operates an on-line system.
- 6.3** The Leave Form requires all staff to identify their name, leave dates, name of the nominated individual who will cover in his / her absence and any relevant comments.

The Form must be signed and dated and sent to the relevant Clinical Director for approval. The Clinical Director will monitor leave of all career grade medical staff within the Directorate. Leave forms for the Clinical Director will be sent to the appropriate Clinical Board Director. Annual Leave records will be retained within the Directorate.

- 6.4** In the event of the Clinical Director identifying a problem in respect of service cover then this should be communicated immediately to the doctor concerned and alternative arrangements put in place. In the event of disagreement the matter will be discussed with the Clinical Board Director and a decision reached. Once granted, the withdrawal of the annual leave should be voluntary.
- 6.5** Staff who wish to carry over leave from one leave year to the next (in accordance with the provisions of 4.4 above) must apply in writing to the Clinical Board for approval so to do. Details of such approvals will be recorded on the individual's record cards.
- 6.6** Leave should be advised as far ahead as possible to ensure that the affect on service provision is minimised. 6 weeks' notice should be given of intended leave. Shorter notice periods at the discretion of the Clinical Director.
- 6.7** In accordance with the Equality Act 2010, managers should consider favourably any request by staff to take paid leave for religious festivals. Such requests should take priority where possible, although managers will need to balance with the needs of the service. Employees should inform managers at the earliest possible time of these dates so that appropriate
