

CELLULAR PATHOLOGY – BIOMARKER IHC TEST REQUEST FORM FOR OESOPHAGEAL, JUNCTIONAL & GASTRIC CARCINOMAS

Please submit to the local Cellular Pathology laboratory, to arrange unstained slides with 1 H&E and copy of the histopathology report form to be sent to *Biomarkers, Cellular Pathology, University Hospital of Wales, Cardiff, CF14 4XW.*

<p>Patient details: Use addressograph or fill in fields below with a minimum 3 patient identifiers</p> <p>NHS No.: D.o.B:</p> <p>Surname:</p> <p>First name:</p> <p>Address:</p> <p>.....</p> <p style="text-align: right;">Postcode:</p>	<p>Requested by:</p> <p>Pathologist:.....</p> <p>Hospital:.....</p> <p>Date sample sent :</p> <p>No. of USS^β slides sent:.....</p> <p>Specimen & block No.:.....</p> <p>Lab Signature:.....</p>
<p>Requesting Clinician/Oncologist:.....</p> <p>Address for Report:.....</p>	
<p>Specimen details:</p> <p>Tumour location: Oesophageal or Junctional <input type="checkbox"/> Gastric <input type="checkbox"/> Other:.....</p> <p>Tumour histology: Adenocarcinoma <input type="checkbox"/> Squamous cell carcinoma <input type="checkbox"/> Other:.....</p> <p>Sample type: Biopsy <input type="checkbox"/> Resection <input type="checkbox"/></p>	
<p>Tests requested:</p> <p><u>Adenocarcinomas</u></p> <p>HER2</p> <p>PD-L1 for oesophageal or junctional tumours (Dako Ab 22C3)</p> <p>PD-L1 for gastric tumours (Dako Ab 28.8)</p> <p>Mismatch repair protein (MMR) deficiency ^δ</p>	<p>Material required and sent:</p> <p>4 x 4um USS^β <input type="checkbox"/></p> <p>2 x 4um USS^β with ≥100 viable tumour cells <input type="checkbox"/></p> <p>2 x 4um USS^β with ≥100 viable tumour cells <input type="checkbox"/></p> <p>4 x 4um USS^β <input type="checkbox"/></p> <p><u>Squamous cell carcinomas</u></p> <p>PD-L1 for oesophageal or junctional tumours (Dako Ab 22C3) 2 x 4um USS^β with ≥100 viable tumour cells <input type="checkbox"/></p> <p>Please also send x1 H&E stained slide x1 H&E stained slide sent <input type="checkbox"/></p>
<p>β: Unstained spares (USS) to be sent on FLEX or equivalent slides. δ: MMR testing will only be initiated if HER2 negative & PD-L1 CPS score <5, unless explicitly stated here:.....</p>	
<p>For hub laboratory use only:</p> <p>Date received: Date issued (ICC):</p> <p>MMR testing should not be initiated unless this box is ticked <input type="checkbox"/></p> <p>HER2 +/- PD-L1 testing has already been requested and does not require re-testing <input type="checkbox"/></p>
